To whom it may concern,

As an executive of the body corporate of this property we have enlisted the services of 3 different organisations to look after our maintenance issues.

2 years ago we hired Ross Faulks of Devotions Strata Care Services. Ross is a dedicated professional and a good communicator he is pro-active in his work and thorough. Ross will remedy a situation before it becomes a problem, he is friendly to our residents and always accommodating to their needs. We are very happy to have him care for our home and grounds I have no problem in recommending his company.
