

We are a block of units in Westmead which Devotions Cleaning Services have been looking after for 2 + years now. They initially cleaned up the property & have kept it looking good ever since. They clean inside the common areas & look after the gardens. We have large gardens, so their scheduled garden maintenance works well for our property. They also look after our bins every week. They are very fussy, extremely reliable & very easy to deal with. Thank you again for looking after our property.
